

REN - Rubber nozzle

This nozzle is highly suitable for Plymovent's fixed extractors, exhaust hose reels and straight reels (vise grip essential). Recommended for today's trucks, private cars and especially vehicles with twin exhaust pipes. It is designed to take in cooling air thereby reducing the exhaust fume temperature and resistance in the exhaust system and guaranteeing exhaust readings. The nozzle is composed of moulded, high temperature resistant rubber.

Temperature resistance: up to 150°C continuously.
