

## REG - Rubber nozzle with vise grip

This nozzle is highly suitable for Plymovent's fixed extractors, exhaust hose reels and straight reels ( vise grip essential). Recommended for today's trucks, private cars and especially vehicles with twin exhaust pipes. It is designed to take in cooling air thereby reducing the exhaust fume temperature and resistance in the exhaust system and guaranteeing exhaust readings. The nozzle is composed of moulded, high temperature resistant rubber. REG is also equipped with a vise grip in order to strengthen the connection with the exhaust pipe. Temperature resistance: up to 150°C/302°F continuously.
